CORPORATE VALUATION

January 30-31, 2016

Organized by:
ITM School of Business
ITM University Gwalior, M.P., India

About ITM University

ITM University Gwalior is situated in a picturesque campus spread over 125 acres along the foot hills of Vindhyaachal ranges. The campus is easily visible from AH-43 of National Highway-3, which is developed as a four lane express high way connecting the north & south of India. Indian Railway's main track to Mumbai, Chennai, Hyderabad, Bangalore, Indore, Pune etc. run along the highway. ITM University Gwalior is a multidisciplinary University with an international reputation for the quality of its research and teaching across the academic spectrum, with subjects spanning Sciences, Engineering, Management, Pharmacy, Commerce, Agriculture, Architecture, Computer Applications, Education, Art & Design, Physical Education, Nursing etc. It is at the forefront of learning, teaching, research and leader in many different fields. It seeks to sustain and enhance its excellence as an institution of higher learning through outstanding teaching and world-class societies they serve. ITM University Gwalior was established by the Act of State Legislature, M.P. as notified in the official Gazette (extra-ordinary) of the State Government in May 2011. "ITM University Gwalior", is sponsored by SLS Trust, a registered charitable trust. The University is recognised by UGC and is a member of AIU.

About Gwalior

Gwalior is a historical city, situated in the State of Madhya Pradesh, popularly known as the heart of India, 120 Km from Agra (The city of Taj Mahal) and 317 Km from New Delhi. It is well connected with New Delhi, Bhopal, Mumbai, Bangalore and Hyderabad by train and road, and by air from Delhi and Mumbai. The city is known as "The city of Music", for the legendary musician Tansen belonged to Gwalior. He was recognized as one of the nine jewels of Emperor Akbar's court. The city has the richest musical tradition among all the cities in this great country. Most famous and memorable landmarks include Gwalior Fort, the palace of Scindia dynasty, Jai Vilas Palace, the Tomb of the famous musician Tansen and museums.

Programme Overview

An estimate of firm value is an indispensable input in many financial decision making settings, including securities trading, merger & acquisitions, corporate control transactions, and corporate financing. Though the focus of the course is to explain cash flow valuation in detail, other approaches like relative valuation and real option analysis will be explored. Case studies and recent deals from the manufacturing sector are used to illustrate the practical difficulties involved in valuation.

Programme Content

- Introduction to valuation and different valuation methods
- DCF Approach : forecasting cash flow and estimating cost of capital
- Relative valuation
- Application of valuation approaches: Merger & Acquisition, Share Buy-back etc.
- Valuation: regulatory issues
- Qualitative factors

Pedagogy

The topics will be dealt through a mix of lectures, case discussions and spreadsheet exercises.

Participants

This course is suitable for financial professionals including: Investment Bankers, Fund Managers, Equity Analysts, Credit Analysts, Treasurers and CFOs, and Corporate Legal experts, Chartered Accountants, Entrepreneur, Academicians & Students

Session Plan

Day 1: Basic principles of valuation, various approaches, cost of capital, DCF Approach
