

**Seminar
on
Practical Approaches to Capital Market
(Resource Person- Mr. Kanishk Mohan Gupta)**

To enhance the knowledge and skills of our students, ITM University Gwalior frequently organizes seminars and events where some professional guests visit us and share the rich experiences, research works and knowledge with the students.

A seminar was organized by the School of Management, on November, 19, 2019 in which **Resource Person- Mr. Kanishk Mohan Gupta** was invited to share his rich experiences with the students. The resource person has worked as a business analyst in different financial institutions. He is a professional with about ten years of experience in the field of investment management, cost reduction and IT. The resource person updated the BBA Hons. and B.Com Hons. students about the practical approach to the Capital Market. The seminar was made lively with the high interactions and was full of examples from the industry. Much emphasis was laid on some of the great investors known, like Warren Buffet, and the resource person discussed about Warren Buffet's strategies of investment. Some more investor examples discussed were like Mr. Rakesh Jhunjhunwala who is called as India's Warren Buffet (Jhunjhunwala bought 06 Crore Titan's shares in year 2002 at Rs. 03 and today his shares are estimated roughly as Rs. 5900 Crore). The resource person put emphasis on analyzing the financial status of a company before investing in it, understanding compound annual growth rate (CAGR) of a company and encouraged students to enter into Capital Market.

The seminar started in the morning at 10 A.M. About forty students of BBA Hons. III Sem. and B. Com Hons. III Sem. attended this seminar. A vote of thanks was delivered by the students and at the end the resource person and the students assembled for a group photograph.
