

Workshop on Learning Management System (LMS)

As Covid-19 outbreak has taken a toll on all walks of life and our education is not an exception. It is very important to find ways and means to stay connected with the students. A workshop on Learning Management System (LMS) was organized on 17 March 2020 by the School of Management ITM University, Gwalior. The aim of this workshop is to train our faculty members in making rigorous use of learning management system and effective implementation of Activity Based Continuous Assessment System (ABCA). An important session was held for taking quiz activity on LMS, uploading of content via videos and use of Apowersoft android software for video lectures through Mobile devices. The objective is to develop learning and engage our students in some meaningful activities online in this hour of crisis. The workshop was taken by Dr. Aditya Tripathi, and was attended by the faculty members of the School of Management.

Glimpses of the Workshop:
